

Environmental Law Seminar - Trading Programs (Water Programs) Class

Reading Assignment

1. Read pages 152-154; 167-179
2. Read Wetlands Course Source Chapter 7, available at:
<http://www2.law.mercer.edu/elaw/wetlands/chapter%207%20word.pdf>
3. Read J.B. Ruhl, The Effects of Wetland Mitigation Banking on People, available at:
http://www.researchgate.net/publication/228322149_The_Effects_of_Wetland_Mitigation_Banking_on_People

Questions to Consider for Class

1. What are mitigation banks? What are their advantages? How are mitigation banks created? How are credits generated? Are there any limits on trades?
2. What are water effluent trading programs?
3. What environmental justice issues are created by pollution trading programs? How can they be addressed?
